

## **College Level Examination Program**

The College Level Examination Program (CLEP) provides people of all ages and backgrounds an opportunity to demonstrate college-level proficiency on the basis of standardized examinations designed to reflect course curricula. Through CLEP examinations, students can demonstrate mastery of general areas and specific subjects for credit and advanced placement.

CLEP may enable Carroll students to receive college credit for what they already know, to bypass introductory courses, or to fulfill Carroll College Core Curriculum or major and program requirements. Using CLEP credit to fulfill major and program requirements requires approval of the department chairperson. Students will not receive credit for courses whose content is at a lower level than what they have already completed at Carroll College.

Carroll follows the College Board's recommendations for awarding credit based on B-level scores. Academic departments determine the specific CLEP examination which may fulfill requirements for classes in their majors or programs in their respective academic areas. Candidates should consult the Registrar to determine the application of CLEP credits to individual programs of study. Up to 30 semester hours may be earned through CLEP. These credits are not graded.

Please see next page for a full list of CLEP exams accepted for addition to Carroll transcripts. For exam and pricing information, please visit the CLEP webpage.

## CARROLL COLLEGE CLEP STANDARDS

	B-Level Score	Semester Hours	Approved Substitution
<b>Business</b>			
Financial Accounting	65	3	BA 189
Information Systems and Computer Applications	59	3	BA 189
