

International Relations (Interdepartmental)

Mission & Goals

International Relations is an interdisciplinary major designed to provide students with the undergraduate training necessary to pursue careers in international business, government, law, teaching, and other related fields. This mission comports with Carroll's "dual goal of vocation and enlightenment." Moreover, as an interdisciplinary program, International Relations is particularly suited to achieve the college's objective of imparting to our graduates the interrelationships among branches of knowledge.

The primary goals and objectives of the program are to train generalists who have a sound foundation in technical skills (economics and foreign languages) as well as in the theory and history of International Relations. Coupled with the six college-wide goals, these goals provide the foundation for the course requirements of the major.
