Designating a Roommate

Students are allowed to choose a roommate if the choice is mutual and your form is returned by the **June 1**. Your roommate must also designate you as their roommate. Although the college attempts to accommodate roommate requests, there is no guarantee the roommate you prefer will be housed with you.

Living on Campus

Carroll College requires all first- and second-year students to live on campus and to participate in a meal plan. Exceptions to this policy are rare, and only granted if student is married, over 21 years of age, has dependent children, has a medical condition documented by a physician that the college is unable to accommodate, or has extreme financial need as demonstrated by financial aid and can live with **immediate** family. To request an exemption to Carroll's Living on Campus Policy, contact Luke Fortune, Director of Community Living, 406-447-4374 or lfortune@carroll.edu. Requests for an exemption must be received by **August 1** for fall semester or **December 1** for spring semester.
