YOU ARE MADE

FOR THE ADVENTURE

*To live . . . without a steady struggle
for the Truth, is not living but existing.
We must never exist, but live.*

—BLESSED PIER GIORGIO FRASSATI, *Letters to his Friends and Family*

YOU ARE MADE

FOR THE ADVENTURE.

DISCOVER ALL YOU WERE CREATED FOR.

To search for truth—to live a life of meaning and consequence—is a choice. A choice to forego mediocrity, ease, and timidity. A choice instead to embrace risk, challenge, and extraordinary reward. To strive for greatness through giving of yourself.

As a student here, you'll be part of a community that lifts you to greater heights as you grasp the promise of your calling and pursue it with joy. You'll be challenged to think critically and creatively—beyond your own dreams and goals. You'll be guided to pursue **BOTH** love *and* truth; faith *and* reason. Mercy *and* justice; diversity *and* harmony. Freedom *and* discipline; joy *and* struggle. You'll learn to truly live.

The pursuit of truth is a glorious lifelong adventure.

THIS IS THE PATH FOR YOU.

DISTINCTIVELY CARROLL

FINDING YOUR CAREER PATH IS A BIG PART OF YOUR LIFE ADVENTURE.

That's why Carroll offers a broad range of academic programs, so you can follow the journey that is uniquely meant for you. At Carroll, you get both the practical training for your future career and the formation for a life well-lived.

Carroll's distinctive approach, an education for life, sets our programs apart. Whether it's today's high-demand professions like healthcare and technology, fast-paced fields in science and engineering, or culture-shaping roles in the arts and education—we're developing leaders for impact.

Learning by Doing

An essential aspect of your education at Carroll is hands-on learning beyond the classroom. With curiosity and determination, our students push beyond boundaries to discover and achieve. Our "Sed Vitae" experience gives every student an internship, study abroad, service-learning, undergraduate research, or practicum opportunity. Many students do several!

▼ CATHOLIC STUDIES: Engage a vibrant Catholic community.

▼ THEATRE: Immerse yourself in every aspect of production.

▼ NURSING: Hone your skills in state-of-the-art facilities.

▲ ENTREPRENEURSHIP: Pitch your business ideas in a funding competition.

▼ COMMUNICATION: Get career experience in video and sound producing, recording, and editing.

▲ ENVIRONMENTAL SCIENCE: Conduct research in the Montana outdoors.

THE CARROLL ADVENTURE

has allowed me to grow as a person as I grow with my community. The academic programs have allowed me not only to study within my anthropology but also to explore the beauty of various anthropologies outside of my own. Part of this adventure has been exploring different fields affirming my studies and interests, as well as strengthening my understanding of the vast world we live in.

AFTER CARROLL, I aspire to become a writer, teacher, and speaker. I want to go out into the world and help to guide people to become who they are meant to be, sharing in life's most beautiful experiences together.

HEALTH PROFESSIONS INCLUDE SOME OF TODAY'S HIGHEST DEMAND CAREER PATHS. Our bachelor degree programs prepare you for advanced education in these leading fields (shown with demand percentage increase over the next 10 years):

THE CARROLL ADVENTURE, through its liberal arts curriculum, has expanded my thinking and challenged me to learn and study things I would have never chosen to do on my own. **My biology and chemistry courses have given me a great foundation for my future aspirations,** but my philosophy, theology, history, fine arts, and writing courses have taught me valuable lessons about myself and others that will be useful in any career.

AFTER CARROLL, I aspire to attend med school.

GROUNDBREAKING PROGRAMS IN DISCIPLINES NEW AND OLD

Anthrozoology

BY UNDERSTANDING HOW ANIMALS INTERSECT WITH HUMAN CULTURES, we can improve the lives of both animals and people. The interdisciplinary anthrozoology program includes exploration of psychology, sociology, anthropology, and geography, with extensive hands-on learning opportunities. Specialized studies allow students to minor in the areas of canine, equine, or animals in society.

The anthrozoology program prepares students for careers in animal-assisted therapy, veterinary medicine, humane education, and other service occupations.

STUDENTS SAY...

THE CARROLL ADVENTURE, through the ZinnStarter program,* pushed me to start and run my business, Fiocchi Custom Flies, LLC, while attending Carroll College. The ZinnStarter program helped strengthen my entrepreneurial spirit. Additionally, the Catholic Studies program has encouraged me to deepen my understanding and appreciation of my Catholic Faith.

AFTER CARROLL, I will be attending law school as well as starting more businesses in the future.

***THE ZINNSTARTER PROGRAM** provides the financial and mentoring support for students to launch new products and companies. Founded by Silicon Valley's longest serving CEO, Ray Zinn, the program is designed to allow students to create go-to-market plans, finish prototypes, and ultimately to be evaluated on the performance of their use of funding.

SET YOURSELF APART WITH AN ACCOUNTING GRADUATE DEGREE. Gain optimal preparation for a career in accounting by enrolling in our one-year online Master of Accountancy (MACC) program after you graduate. BUILT ON SOLID ROCK

CARROLL COLLEGE has historically been known as “the Rock,” in reference to the bedrock upon which the college is built. Our true foundation, though, is something much greater than stone: throughout the Scriptures, the Lord is referred to as “The Rock” (cf. Psalm 18:2, Deut. 32:4, 1 Sam. 2:2, 1 Cor. 10:4). As we encounter Him, we, ourselves, become solid, substantial, and significant contributors in building up the Kingdom. Built on the solid foundation of the Catholic faith, we are spurred on to ask life’s most important questions and conform our lives to the Ultimate Truth that is God.

Hundreds of Carroll students fill **ALL SAINTS CHAPEL** each Sunday for Mass (as well as throughout the week) to worship Our Lord and be transformed by His Love and Truth.

“Carroll College is meant to be a beacon to the Church in the Northwest.”

—SAINT JOHN PAUL II

STUDENT RETREATS

Carroll offers incredible retreat opportunities open to students of all religious backgrounds that focus on helping grow your relationship with God, getting to know yourself better, and connecting you to the Carroll community in amazing ways.

CAMPUS MINISTRY

YOU'RE INVITED TO BE PART OF A COMMUNITY OF STUDENTS ENGAGED IN THE JOYFUL, RISKY, AND MESSY ADVENTURE OF BECOMING WHO CHRIST CALLS US TO BE.

Hundreds of students participate in the **rich sacramental and liturgical life** that is available every day on campus.

Living in each of the residence halls, **peer ministers journey with students** in the day-to-day pursuit of knowing God.

Weekly formation groups and **FOCUS Bible studies** for men and women create a space for wrestling with faith's questions.

Numerous retreats throughout the year offer the opportunity to get off campus with friends and explore the gift and challenge of faith.

Service opportunities send students into Helena, into Montana, and across the country, putting faith into action.

WELCOMING ALL PERSONS OF GOOD WILL

WHEREVER YOU ARE IN YOUR EXPLORATION OF FAITH AND SPIRITUALITY, YOU'RE PART OF OUR SHARED JOURNEY HERE.

At Carroll College, we engage the most enduring questions of human life because we believe that an education which does not address ultimate matters of faith is no education at all. Rather than avoid tough conversations for fear of disagreement, we develop authentic friendship as we strive together for understanding.

Grateful for the pluralism of our community, we reject an approach that would seek nothing more than the least common denominator. True to our mission, we aspire to speak from our center—not merely from the boundaries or peripheries of conviction—in a manner that encourages those with other perspectives to do the same.

FAITH PROPOSED, NEVER IMPOSED.

A truly humble and charitable joint venture in the common search for the Ultimate Truth and the Ultimate Good which is the final goal of all education.

—FROM THE CARROLL COLLEGE MISSION STATEMENT

STUDENTS SAY...

JORDAN DIEHL
BOISE, IDAHO
NURSING

CARROLL IS THE EXCEPTION. Coming to Carroll with little previous Catholic background, I had no interest in the faith community. Now, as a senior, I look back on the people who have impacted me the most and contributed to my journey as a non-Catholic Christian. The faith community leaders, faculty, and staff at Carroll College tend to every student with exceptional eagerness, astounding care, and unending joy. Regardless of a student's religious or spiritual preference, authentic interactions with individuals on campus provide students an engaging environment that welcomes diversity and perspective. It is this unique environment that fosters my spiritual journey.

Taking every opportunity to lead and serve in school and life

BECAUSE THE WORLD NEEDS MORE SAINTS

BEING A SAINT IS ABOUT SO MUCH MORE THAN THE ORDINARY COLLEGE EXPERIENCE. In the Carroll family, serving others is an essential part of who we are—from the campus to our local community and across the globe—for life. As we reach out with ready hands to share our talents, our skills, and our blessings, we begin to grasp the true magnitude of giving ourselves away in love.

I have found the paradox, that if you love until it hurts, there can be no more hurt, only more love.

—ST. TERESA OF CALCUTTA

SERVICE SATURDAY: Students have the opportunity on Saturday mornings throughout the semester to volunteer and engage with non-profits and organizations that are supporting and sustaining our community.

ROTC: Carroll is one of few private, faith-based colleges to host an ROTC program for students serving our country. "Saints to the Front!"

HEADLIGHTS TRIPS: Each year during Winter and Spring Breaks, students travel across the country for Campus Ministry Headlights trips confronting economic and social realities such as poverty, violence, immigration, homelessness, and educational inequality.
