Feel free to leave at any time if anything in this presentation is triggering to you.

We will be talking about the topic of sexual assault which is a very sensitive topic. If you would like to leave now or at any time throughout the presentation just know that that is completely acceptable.

Today, we will be talking about:

- 
- ❑ Definitions
 - ❑ When and where sexual violence occurs
 - ❑ Alcohol and Sexual Assault
 - ❑ The importance of Consent
 - ❑ Bystander Intervention Strategies
 - ❑ Resources

WHAT'S BYSTANDER INTERVENTION?

Choosing to take action when you see behavior that puts others at risk for violence, victimization, or perpetration. These include speaking out against rape myths & sexist language, supporting victim/survivors, & intervening in potentially violent situations.

...but it's none of my business...

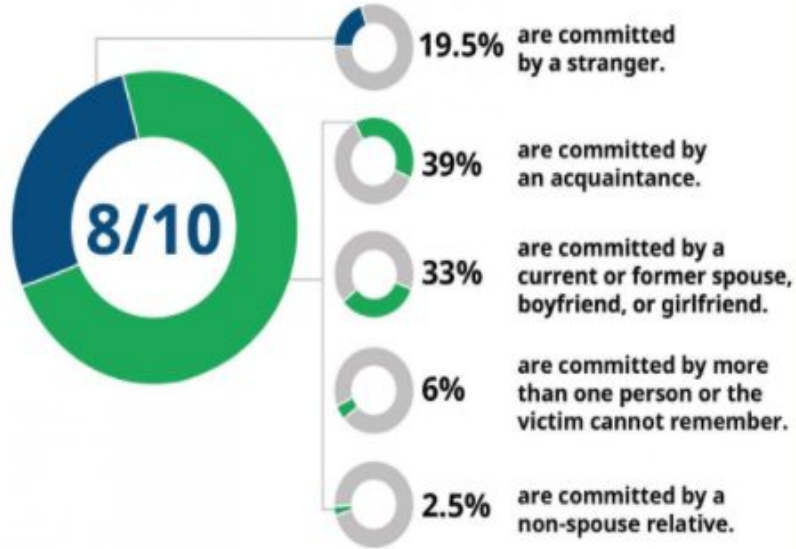

Have you heard of the "Bystander Effect?"

WHAT DOES A PERPETRATOR OF SEXUAL ASSAULT EVEN LOOK LIKE?

8 OUT OF 10 RAPES ARE COMMITTED BY SOMEONE KNOWN TO THE VICTIM

RAINN

Examples of perpetrators

- Someone you are close to/ would consider a friend (majority of Carroll students who experienced sexual assault considered their perpetrator to be a friend or acquaintance)
- Can happen anywhere
 - At a party
 - In a classroom
 - In a dorm room/building
 - In the Cube
 - On the way to class
- Gender
 - 1 out of 10 victims are men
 - Women can be perpetrators too

Under-Reporting causes and consequences

- 80% of survivors do not report to universities (Cantor et al. cited in Spencer et al.)
- Survivors are often asked questions like:
 - “What were you wearing?”
 - “Were you asking for it?”
 - “Were you drunk?”
- All of these questions suggest that the victim is to blame
- Victim blaming/shaming is one of the primary reasons that these crimes go unreported

What about Alcohol and Sexual Assault?

Consent Defined

- **Consent Given:** Conscious and voluntary agreement to engage in any type of sexual activity. It is an informed decision made freely, actively and voluntarily by all parties.
- **Consent Withdrawn:** Consent can be withdrawn at any time for any reason. This can be in the form of verbal withdrawal, or any expression of an unwillingness to engage in any instance of sexual activity.
- **Incapacitation** occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing/informed consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).

DISTRACT

Take an indirect approach to de-escalate the situation.

SAY:

Excuse me, do you know what the next stop is?

Start a conversation with the target or find another way to draw attention away from them. Ask them for directions or the time, or drop something.

It can be helpful for the target to have a video of the incident. Laws about recording in public vary, so check local laws first.

*Is anyone helping the person being harassed?
If no, use one of the other 4 Ds to help them.*

TIPS FOR DOCUMENTING PUBLIC HARASSMENT

- Keep a safe distance.
- Film street signs or other landmarks that help identify the location.
- Say the day and time.

Only document the situation if it's safe.

ALWAYS ask the person targeted what they want to do with the footage. **NEVER** post it online or use it without their permission.

Keep your attention on the person being harassed—**make sure anything you do is focused on supporting them.**

Assess your safety first. Speak up about the harassment. Be firm and clear.

SAY:

That's inappropriate.
Leave them alone.

Please go away!

You can also talk to the person being harassed about what's going on. Ask: "Are you okay? Should I get help? Should we get out of here?"

A Real Life Situation... (part 1)

5 D's Recap

Distract: Distracting attention away from the person causing harm, the survivor, or the situation itself.

Delegate: Scanning a situation to assess risk, determine how to best intervene, and then delegating tasks.

Document: If someone is already helping a person who is in crisis, you can document the situation by recording on your phone, or writing notes. Never post or share a video without the consent of the person being harmed.

Delay: Slow down the situation. Checking in with the person during and after the incident. This is essential because it shows the survivor that they are valued. Delay also means educating ourselves and our communities about systems of oppression.

Direct: Directly intervening in a situation.

 2. You are in the STAC with your friends and a group of students nearby start making sexual gestures and comments to one of your friends that's sitting with you. Though trying to ignore the comments, you see that your friend is upset. What do you do?
 3. A co-worker starts talking about a recent high-profile rape or domestic violence case and blames the victim for what happened. What do you do?
 4. The guys on your team are constantly making lewd, rude or degrading comments about women and girls or calling each other names that imply they are "weak like girls." What do you do?
