Greetings Saints!

On behalf of our campus community, welcome (back) to Carroll College! We are delighted you are here and are excited to be part of your collegiate journey!

As a student within our community, you probably have quickly noticed that Carroll is a hard place to get lost. This is the kind of place where you find yourself - so get engaged in the life of campus! Getting involved and making connections outside of class has consistently shown to have a positive impact on academic success and creates a richer experience throughout your time as a Carroll student.

Be intentional to take the time to meet and connect with the rest of your campus community - not just other students who live on- or off-campus, but your faculty, your academic advisors, and all the administrators and staff who are here to support you.

This year's Student Handbook was developed to provide you with the information you will need to successfully navigate Carroll College. You are responsible for knowing and being a leader in following the policies identified herein. Please take time to review this information.

Carroll College Student Handbook 2020-2021

In addition to the Student Handbook, I want to draw your attention to important information found in the Carroll College Consumer Information Disclosure Notice as well as information found in our Annual Fire and Safety Reports. You have a right to know this information, so again I encourage you to take time to review it.

Consumer Information Disclosure Notice 2020-2021

Annual Fire and Safety Reports

Please know that we are here to support you, and we want to partner with you to set you up for continued success. To that end, should you ever have any questions, thoughts, or concerns, please feel free to share your insights so we might more effectively support you. Your ideas and contributions could be just what we need to make this place even better for the Carroll College community.

Warmest regards, and get ready for an awesome year!

Judy Hay
Interim Dean of Students and Retention
