

Carroll College is required by law to compile and disclose information about campus safety policies and procedures as well as to provide data concerning certain criminal offenses in order to be in compliance with Title IV of the Higher Education Act of 1965. This report must include statements about campus law enforcement policies, campus security education and prevention programs, alcohol and drug policies, sexual assault education and the means for reporting and procedures for handling reports of sexual assault.

The Student Right-To-Know Act, which was renamed The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in 1998, further mandates that institutions of higher education publish an annual report which is made available to both current and prospective students and employees of the occurrences of specific crimes on the campus. In addition, the institution must report the number of arrests for liquor law violations, drug use/abuse violations and weapon violations.

### Crime Statistics

The numbers provided in the crime statistics for Carroll College reflect incidents reported to campus security, Student Life staff and Helena Police. The statistics reflect incidents on campus, incidents off-campus reported to the college and incidents involving our students that Helena Police reports to the college. Carroll College does not have any off-campus locations of student organizations officially recognized by the institution to reflect in the statistics. Helena Police does not compile or provide data to the college regarding listed crimes that occur in the immediate vicinity of campus boundaries.

The Director of Community Living, who has oversight for campus security and maintains contact with Helena Police, compiles the statistics annually. The Director of Community Living posts the crime statistics to the Department of Education website as required by law and is responsible for the distribution of the annual report to both current and prospective students and employees. The data for the previous three calendar years is published annually in this report.

### Sexual Violence Education

Carroll College's sexual violence prevention education offer students several opportunities annually to learn to identify dangerous or violent situations in order to help prevent them. The model has three components: educational, skill-development workshops for students; 2) social marketing campaign; and 3) assessment. Examples of educational programs include:

1. Workshops offered to all athletic teams focusing on prevention and response to sexual violence;
2. Annual meeting with athletic coaches focusing on prevention and response to sexual violence;
3. Annual meeting with all freshmen to address consent and laws in the State of Montana with regard to sexual violence;
4. Annual meeting with all freshmen living in campus housing to address expectations and healthy dating;
5. Class session offered by Counseling Services staff to sections in our freshmen seminar program on the "Big Six" issues—one of which focuses on dating and relationship expectations;

6. Annual talk for males in the freshmen class about gender perspectives on dating and relationships
7. Annual talk for females in the freshmen class about gender perspectives on dating and relationships
8. Annual online education course from Outside the Classroom required of all students to complete

## College Response to Sexual Violence

Carroll College's response to sexual violence focuses on maintaining well-trained staff skilled in how to best support victims and hold violators accountable for their actions. The college's response plan includes:

1. Funding for a five-hour-per-week victim advocate/sexual safety educator
2. Supporting staff members to attend Title IX investigator training
3. Reviewing and revising campus protocol and policies that pertain to sexual violence
4. Reporting annual Clery Act data
5. Creating a well-trained pool of conduct board members to hear policy violations
6. Staff attending the National Sexual Assault Conference sponsored by the Centers for Disease Control
7. Providing three Counseling Services staff members who are trained in responding to sexual violence victims.

## Surveillance of Campus Climate

Carroll College uses the Student Life Annual Survey to ask questions of students on campus safety, interactions with campus security staff, and safe practices at college. In addition, the college expects all first-year students to participate in the online alcohol education course, AlcoholEdu for College. The college also participates in the bi-annual national collegiate CORE Alcohol and Other Drug Survey which is administered in the fall semester in

odd-number years. The CORE survey asks students questions about being taken advantage of sexually in the past year while consuming alcohol, taking advantage of someone sexually in the past year while consuming alcohol, and experiencing unwanted sexual intercourse in the past year while consuming alcohol. College staff meet regularly with members of the DUI Task Force, Youth Connections—a school district based program focused on preventing area violence—and post a link on the college's website for the Friendship Center—a shelter program for domestic and sexual violence.

## Reporting Incidents

Carroll College community members are encouraged to report problems, safety or security concerns, crimes, suspected criminal behavior or suspicious activity to the college. Incidents should be reported to the On-Call Assistant Director of Community Living at 406.459.0540. The On-Call Assistant Director will notify the proper college officials, Helena Police or emergency services to respond to the incident. Helena Police can be contacted directly by calling 911 for emergencies (or 9-911 from an on-campus phone) or 406.442.3233 for non-emergencies.

A bystander—someone who sees or hears about a situation—can notice actions or circumstances early enough to prevent an incident from becoming an emergency. The individual may witness prejudicial remarks and/or behaviors; violence to others; or individuals negatively impacting their personal health or safety. Examples of behaviors that could be prevented or reported include sexual violence, hate/bias incidents, cyber bullying, hazing, high-risk drinking, gambling, depression or physical violence. Research shows that bystanders will intervene 80% of the time when alone and only 20% of the time when there are other witnesses. All bystanders need to assume personal responsibility for witnessing an incident and report the incident to the college. Bystanders who are unsure of who to contact—daytime or nighttime—should con-

tact the on-call Assistant Director of Community Living at 406.459.0540.

## **First Response**

Community Living and Securitas staff are the college's first responders to an incident on campus. Helena Police is contacted when law enforcement is needed to respond to an incident. Helena Police dispatches an officer to respond to the incident and to document the nature, time and location of the incident; and the name, address and phone numbers of the participants and witnesses of the incident. Helena Police provides a weekly update to the Director of Community Living of crimes and incidents-on or off campus-either involving Carroll students or occurring on the property of the college.

## **Campus Security**

The patrol officer from Securitas, an unarmed contracted security service employed by Carroll College, patrols campus during scheduled hours. Securitas provides a patrol officer on campus from 6pm-7am seven days a week. The patrol officer from Securitas can be contacted directly by dialing 406.457.7611. Securitas also provides a vehicle patrol of the campus involving all campus parking lots, roads and adjacent city streets. The vehicle patrol is conducted twice per night on a variable schedule. The patrol officer or vehicle patrol officer responds to incidents and documents the nature, time and location of the incident; and the name, address and phone numbers of the participants and witnesses of the incident. Incident reports are submitted to the Director of Community Living at the beginning of each weekday. Questions concerning Securitas, their employees or services can be referred to the Student Life Office by dialing 406.447.4415 or 4415 from an on-campus phone or in person at 208 O'Connell Hall.

## **Law Enforcement**

Campus security personnel, within the scope of their position responsibilities, are expected to have a cooperative working relationship

with state and local law enforcement agencies including, but not limited to, Helena Police Department, Lewis and Clark County Sheriff's Department and the Missouri River Drug Task Force. The Director of Community Living, who supervises the Securitas contract which provides campus security personnel for Carroll College, is designated as the college's liaison with local law enforcement. Requests for information from the college or for the cooperation of the college in the investigation of alleged criminal offenses should be referred to the Director of Community Living.

## **Reporting Campus Crime**

In order to ensure the safety and security of all members of the Carroll College community, the college fully cooperates with local law enforcement agencies by reporting certain crimes that occur on campus or in campus-owned facilities or at campus sponsored functions that occur off campus. The reporting procedures are based on the crimes that the college is mandated to report as part of the Student Right To Know and Campus Crime Security Act of 1990 and subsequent amendments to the Higher Education Bill of 1992, 1998 and 2010. After the college is made aware of the crime that has been committed, the following guidelines will be followed by campus authorities in the reporting of crimes:

If a crime is reported that falls under the described policies that follow, the Vice President for Student Life or designee will notify the community that a crime has been reported, the nature of the crime, and that an investigation is to follow.

The following guidelines will be followed with regard to reporting crimes to local law enforcement agencies. All definitions below are under the Federal Bureau of Investigation Uniform Crime Reporting System.

The local law enforcement agency will be notified immediately by a college representative.
  11. **Forcible Sex Offense (including forcible rape)**—The carnal knowledge of a person forcibly and against the person's will. Rapes by force and attempts to rape regardless of the age of the victim are included. The local law enforcement agency will be notified immediately by a college representative.
  12. **Non-Forcible Sex Offenses**—Statutory offenses (no force used—victim under age of consent). The local law enforcement agency will be notified immediately by a college representative.
- Upon being informed that a crime has occurred on campus, the Vice President for Student Life, or designee, will immediately report the crime to local law enforcement and the President of the College. The Vice President for Student Life or designee will then ask a member of the Student Life staff to speak with the student to counsel on seeking medical attention, psychological services, contact with law enforcement, or any other services the college can provide. If the student wishes to report the crime to local law enforcement, a member of the Student Life staff can accompany the student. Parents must be notified if the student is under the age of 18.

In keeping with Carroll College policies, a student in any of the above mentioned crimes, and of any other violations of the college's rules and regulations, has the right to pursue recourse through the college disciplinary process. This procedure may be used in addition to any civil or criminal procedures stemming from an investigation by local law enforcement.

## **Incident Referral**

Incidents not reported to the Helena Police or the Securitas patrol officer can be referred to the Director of Community Living who is located in the Student Life Office in 208 O'Connell Hall. Members of the Carroll College community who make an oral report of an incident will be asked to submit a written summary to document that the incident was reported.

## **Support Services**

The Director of Facilities also can be reached by cell phone (406.594.4570) for any incidents or crimes involving buildings or grounds. The Friendship Center maintains a rape crisis phone line (406.442.6800) that can dispatch an on-call victim advocate to assist Carroll students and employees in cases of sexual misconduct. The Helena Crisis Line is available at 406.443.5353 for personal emergencies and counseling assistance.

## **Building Security**

All campus academic and administrative buildings are unlocked each morning by 7:00 a.m. and locked each evening by midnight by the Securitas patrol officer. Individual office keys are provided to college employees by the Facilities Department. The residence halls are unlocked each morning by 7:00 a.m. and locked each evening by 11:00 p.m. by the Securitas patrol officer. Individual rooms keys are provided to Community Living staff to distribute to student residents by the Facilities Depart-

ment. Three of the residence halls—Our Lady of Guadalupe Hall, St. Charles Hall and Trinity Hall—offer residents electronic card key access to exterior doors. In addition, two of the residence halls, Our Lady of Guadalupe Hall and St. Charles Hall, offer card key access on interior room doors. The remaining residence hall, Borromeo Hall, is accessed from the exterior by a keypad code. The residence halls have desk staff in the lobby of each building from 7:00 p.m.-1:00 a.m. during the academic year.

## **Special Events**

For special events, including athletics and student activities, Carroll College hires Helena Police officers or Securitas patrol officers, or a combination of both, to provide security for the event. Helena Police officers have arrest authority working at Carroll events. Securitas patrol officers contact Helena Police when arrests need to be made.

## **Facilities & Grounds**

The Facilities Department maintains the buildings and grounds at Carroll with a concern for safety. The Director of Facilities and the Custodial Supervisor are responsible to patrol and respond to issues from building users pertaining to security, safety and livability issues. Two important exterior safety issues are maintaining appropriate lighting and reasonable landscaping that does not endanger or risk the safety of pedestrians. Fire safety equipment in each campus building is tested on an annual basis by Facilities staff. Community Living staff conduct fire drills in each residence hall each semester and assist Facilities in maintaining the condition of the residence halls by promptly filing work orders. Weekly meetings between Facilities and Community Living staff address building concerns. Carroll College strives to provide a safe and healthy learning and living environment for students, staff, faculty and guests. While instances of criminal activity are rare, the college is not immune to crime and cannot assure or guarantee a crime-free living or working environment. Therefore, Car-

roll promotes a proactive approach to safety. The members of the community are expected to actively participate in making the campus safe and to act in a safety-conscious manner.

## **Security Awareness and Crime Prevention Programs**

To support security awareness and crime prevention programs, Carroll supports the following initiatives:

### **AlcoholEdu for College**

Carroll will expect all incoming freshmen to complete AlcoholEdu for College, an on-line course educating students on alcohol related issues. This national alcohol abuse prevention program has been successful in decreasing the number of incidents involving student use of alcohol. Intervening with peers and understanding drinking limits are two of the issues addressed by this program.

### **Arrive Alive Taxi Program**

Students who find themselves stranded at a bar, without a designated driver, or in an unsafe situation can contact Capital Taxi at 449-5525 to receive a free ride back to campus. Carroll students need only show their Carroll ID to receive this service.

### **Community Living Learning Goals**

Carroll has developed learning goals for each of the residence halls that support legal and responsible individual behavior in community. At the beginning of each academic year, Community Living staff review safety and security practices with all residents. Students are informed about campus policies, policy enforcement, disciplinary sanctions, campus security and the involvement of law enforcement. Additionally, Community Living professional and student staff receive training on responding to incidents involving the illegal or irresponsible use of alcohol and other drugs. Fire safety, building security and referral of student crises to health and counseling resources are also reviewed.

### **New Student Orientation**

The Director of Community Living presents a session at new student orientation outlining the college's expectations for students regarding sex, drugs and alcohol. ### **Incident Management Protocols**

Carroll College publishes Incident Management Protocols regarding emergency and non-emergency incidents and distributes to designated college employees. Photos, office phone numbers and after hours phone numbers are printed in the guide. The Serious Incident Protocol identifies when and to whom to refer students in need of assistance with life threatening, imminent serious, or other important situations.

Violators of the college's drug policy will be encouraged to seek professional help and their enrollment at Carroll College may be terminated.

### **Sexual Victimization**

Carroll College values each member of the campus community and expects respect for the dignity and the sanctity of the individual. Any behavior that is a forcible or non-forcible sex offense is a violation of the Carroll College's Mission Statement and Student Code of Conduct. Sexual misconduct in any form severely violates trust and respect and threatens the safety and well being of community members. Carroll will not tolerate acts of sexual misconduct committed by or against any member of the Carroll community.

Kelly Parsley, Sexual Safety and Wellness Educator (Phone 406.447.4524), is available to serve as a victim advocate or to answer questions about referral resources. As a victim advocate all conversations with her are confidential in accordance with Montana State Code.
